NOT AN ANGEL

The young cat and the older dog lay on shaded sweet grass watching the reunions. Sometimes a man, sometimes a woman, sometimes a whole family would approach the Rainbow Bridge, be greeted by their loving pets and they would cross the bridge together.

The young cat playfully swatted at the older dog. "Look! Something wonderful is happening!" The older dog stood up and barked, "Quickly, get over to the path". "But that is not my owner", mewed the cat, but she did as she was told.

Thousands of pets surged forward as a figure in white walked on the path toward the bridge. After the glowing figure passed each animal, that animal bowed its head in love and respect. The figure finally approached the bridge and was met by a menagerie of joyous animals. Together they walked over the bridge and disappeared.

The young cat was still in awe. "Was that an angel?" she whispered. "No, my child" the older dog replied. "That was more than an angel. That was a person who worked in rescue".

NEW DECK

Many meows and purrs to *Brian T. Morris, MD!* His extremely generous contribution allowed CASAS to have the deck built the end of last year. The cats have been enjoying the enclosure without having to worry about the rotting wood floor and the volunteers are extremely grateful also. Dr. Morris had read our deck saga and appeal in the Fall newsletter, and contacted us to help. It was a pleasure meeting him and his partner when they visited to see the new deck. (Of note: the name didn't ring a bell to me, but when I met them, I remembered registering them for the Pet Parade for many years). We have installed a "thank you" plaque on one of the chairs on the deck. If you're in our neck of the woods, stop by to see the fantastic job!

THANK YOU!

Winter can be a challenge for anyone but as our volunteers age it's especially nice to have strong young backs available to clear the driveway, steps, and decks.

Many thanks to *Glen Rose* for plowing out the shelter in January and February. Also thanks to *Scott Kazlouskas-Noyes* and *Bo Videv* for doing the heavy work with shovels.

We don't know what we would do without *Juan Pelaez* to shovel, paint, fix up, and do any other job that needs doing around the shelter. Thank-you all so much!

BAGHEERA: OUR OWN JUNGLE BOOK KITTY

Although the name literally translates to tigerlike in Hindi, our very own *Bagheera* is more panther-like, from *The Jungle Book*. I'm sure that was why his owner chose the name, although we will never know, as his owner passed. He came to us as one of two from a five cat household. The health care aide for the deceased gentleman was able to place three cats before reaching out to us. His co-kitty *Roameo* was snatched up pretty quickly, but alas *Bagheera* is still with us. He has been a bit disruptive in the shelter, as he feels he owns the place, which puts our furrever felines on edge. We have been engaging in a delicate dance, so to speak, of allowing him space to roam by himself and then giving him time out in his suite of rooms to allow the other cats freedom to meander in the Shelter. This is certainly not ideal from our point of view, nor the other cats, but we do as we can. He has such a charming personality, but you need to read his cues. He is loving to a point, and lets you know when he's done. He can be playful and inquisitive. He enjoys watching the birds, and is content to be alone for a while. He enjoys his food and is always happy to get his breakfast and supper. Although he has lived with other cats, we feel he was probably diminished by them and just now feeling his oats. I personally take umbrage to the nicknames bestowed on him by other volunteers, namely Bags, and Baggy Pants, so let's find him a forever home where he is called by his stately name, *Bagheera*!
